

ABOUT:

NEBRASKA FOOD COUNCIL

VISION:

“ The Nebraska Food Council envisions a thriving, inclusive and accessible local food system that strengthens our economy and environment while fostering food security for all Nebraskans through collaboration with diverse agencies, organizations, individuals and communities in the state. ”

MISSION:

- » Gather information from across the state to understand Nebraska’s regional and local food systems;
- » Identify key food and agriculture policy issues and opportunities;
- » Educate and advise policymakers and consumers;
- » Organizing support for change and new initiatives;
- » Coordinate networks and connect partners; and
- » Build capacity of membership by providing educational opportunities.
